

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every international business. Transporting industrial goods takes place every day on our industrious planet. First innovated as industrial vehicles during the 1930s in the U.S., lift trucks gained recognition following WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread internationally.

In 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the company is simply called TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the industry. TCM began building forklift manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures various models of industrial lift trucks with more than 50 years of accumulated technology and expertise, making their products used and recognized all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading business.
