

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement since the year 1959. Whether the work involves transferring loads, positioning heavy steel or landing loads on scaffoldings, utilizing a Lull telehandler will help make the work go faster and easier. These units are complete together with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull is able to provide eighty inches of boom travel for precision placement capabilities. There are also numerous optional Lull attachments for their telehandlers to help complete whatever task.
