

## Komatsu Forklift Parts

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc., a member of the Komatsu Ltd. family, has an encouraging reputation for building robust and reliable forklifts. They are renowned worldwide as a corporation who has a proud heritage and who maintains a standard of distinction in equipment manufacturing and intention.

Komatsu Forklift U.S.A., Inc., a division of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their vision of a better tomorrow. Komatsu's legacy began back in 1921, in Japan, when Komatsu Ltd started business as a manufacturer of construction and mining equipment. Very soon the business grew into an industry leader and was responsible for constructing Japan's first modern bull dozer and farm tractor.

Komatsu has developed into a global giant over the previous couple of decades thanks to their expertise and strength in the field of logistics, mining, excavating and construction. Using modern designs and technological superiority, they remain at the forefront of these industries.

Evolving in 1945, Komatsu Forklift Co., Ltd has expanded greatly. Using their superior manufacturing capabilities and current design techniques, Komatsu has become acknowledged to manufacture the kind of rugged and reliable lift truck that customers across the world have come to rely upon. In 1976, Komatsu Forklift U.S.A., Inc was established to satisfy the increasing need for its goods in the North American market. To better expenditures and efficiencies, a state-of-the-art plant was built in Covington, Georgia in 1990, to merge all U.S. Komatsu Forklift product support and production operations.

Remaining one of the primary suppliers and makers of durable and modern forklifts in our day, Komatsu Forklift U.S.A., Inc continues to satisfy their customers' desires globally. Central and Latin America, Mexico, the Caribbean and South America are home to some of Komatsu's satisfied customers along with their North American clients.

Following years of providing customer service and maintaining rapport, Komatsu Forklift recognizes that meeting the customers' needs is vital. All new product enhancement at Komatsu begins first with the consumer. By welcoming participation and criticism, they are able to determine client wishes and expectations then develop revolutionary designs and then manufacture to exceed Komatsu Engineering Principles. Assuring customers that quality is designed from the beginning and maintained through the production, service and sales processes, allows Komatsu to end up with a top-quality product from start to finish.

Komatsu engineers are specialized experts in designing lift trucks, construction equipment and heavy duty equipment. Their design ingenuity and expertise assures that each new piece of equipment will hold up in the toughest environments and be able to withstand the roughest applications. Adherence to precise engineering principles permits Komatsu Forklift to satisfy ISO 9001 standards. Computer aided design and stringent in-house quality standards all factor in to top-quality lift truck products. Komatsu Engineering Standards transform the contemporary and innovative technology used in advanced mining and construction equipment into world class equipment.

The ultra-modern plant in Covington, Georgia has all the needed requirements for full scale production. This plant is able to take unprocessed steel and manipulate it by preparing, welding, and fashioning it. When assembled and painted the lift trucks are ready to leave the facility and enter the market. Maintaining quality control through the duration of the manufacturing process, assures consumers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes that since a product is only as worthy as the people who sell and support it, their dealers make all the difference. Komatsu Forklift is proud of their committed supplier networks who strive to exceed expectations. Specialized in all aspects from sales, service or operating instruction, or aftermarket support, their diverse network of knowledgeable and capable experts are available. Komatsu Forklift Vendor locations across the country have a Komatsu OEM components on-hand to provide the essential service needed to keep customers' operations running smoothly. Computerized, real-time access with next day distribution from their highly automated circulation hub is another option. The online K-Link system assists dealers with online components management, service and acquisition for all major forklift models.

At Komatsu Forklift U.S.A., Inc. they know how to serve Countrywide Accounts. A lot of world-class organizations depend on Komatsu forklifts in their every day operations. Nationwide account consumers profit from an original partnership with Komatsu that allows them to modify cost-efficient services in order to enhance the customer's efficiency and profits. Komatsu national account customers have access to on-line components and service support system and a inclusive fleet administration program, providing the ability for Komatsu to be their total solution for any forklift worries.

The efficient and reliable staff members at Komatsu Forklift U.S.A., are committed to offering excellent customer support no matter if it arrives in the form of education, product sales, aftermarket support, and longterm maintenance. They want to make certain that the customer support offered will help their clients meet or exceed their company objectives while establishing strong working partnerships in the process. Komatsu strives to identify with each of their customers' unique methods of doing business and enjoys working together to develop a plan to best insure their ongoing success.

Komatsu encourages you to get in contact with one of their many local Komatsu forklift sellers to find out more about the many goods and services available. Customer satisfaction and support are two of the companies top priorities and it is easy to see why thousands of clients world-wide depend on the Komatsu family of products on a daily basis.
