

## Spreader Bars for Forklift

Forklift Spreader Bars - Proudly operating ever since the year 1974, ELME Spreader AB is the largest independent spreader producer all-around the world. They have been a dedicated maker of spreaders used for different applications like the swap bodies, trailers and handling of containers.

Engineering is done in house by way of utilizing all the most up-to-date FEM tools and CAD systems. The ELME business presently has over one hundred twenty five workers. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers around the world.

The product collection of ELME include numerous spreaders utilized for a variety of trailer and container handling operations. A few of their inventory consist of: Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle Carriers plus a wide variety of attachments.

ELME production and manufacturing is performed in a highly automated purpose built factory. In the year 2008, they created over 1150 spreaders by way of utilizing top quality parts in order to guarantee dependability and excellent standards while offering reasonable prices. Major features of ELME comprise design simplicity, market reaction and innovative modular spreader concept.
