

Concrete Hopper

Concrete Hopper - The self-dumping hopper accessory can automatically start to both dump and release as soon as the bumper release contacts the side of a dumpster. As soon as dumping is finished, the hopper could go back to original locked and upright position. This particular piece of machinery also comes together with a cable that allows operation from the seat of the forklift to be able to have the alternative of manually dumping the hopper. There is a locking chain provided to lock the hopper to the fork truck. This particular product is made with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper even has a blue powder coat finish to maintain durability.
